**PROPOSED SUBSTITUTE AMENDMENT**

Commissioner for Patents  
Alexandria VA 22313-1450  
Sir:

In response to Patent and Trademark Office Action, please amend the application  
identified above as follows:

**SUBSTITUTE DRAWING**

Please accept the substitute Figure 3. The prior Figure 3 was objected to. The angle  
is the same as described in the specification, but the lead line has been moved to align with  
the chin support. The prior figure moved the lead line to be easier to see the angle.
